

Planned Giving

God calls us to be generous and steward our resources well in order to further His kingdom. One way of doing this at Christ the King, is by contributing with non-cash gifts. This type of planned giving is a creative way to leave a legacy of generosity.

Gifts of Stocks

Giving stocks and bonds is an easy way to donate to CTK and receive a tax benefit. Giving Stock that you have owned for over a year and has risen in value provides a double tax benefit. On charitable stock donations you pay no capital gains tax and receive a tax deduction on the fair market value of your securities at the time of donation.

Gifts of Real Estate

A gift of real property (your home, land, or commercial property) offers the opportunity to transfer ownership of part or all of your estate to Christ the King. By donating real estate, you avoid paying capital gains tax and receive a charitable income tax deduction, while giving generously to the Kingdom of God.

Gifts of Retirement Assets

Gifts of qualifying retirement plans, including IRA accounts, 401(k) or 403(b) plans, and pension, is a way to practice 'Legacy Giving' through your estate planning. In naming Christ the King a beneficiary of all or a percentage of these assets, your estate can avoid paying income taxes and potentially avoid estate taxes for the retirement assets.

Gifts of Insurance

A gift of life insurance can be made by making Christ the King an owner and/or beneficiary of your insurance policy. If CTK is made the owner, you may be able to deduct the premiums, paid per year, that you pay on the policy. If you name CTK the beneficiary of your policy, you can use the policy during your lifetime and when you pass away, the life insurance plan will be donated to Christ the King. Upon passing, your estate will benefit from a charitable tax deduction for the value of the gift.
